## **New Free Mobile Application Offers Solutions, Resources to People with Traumatic Brain Injury**

**Bakersfield, CA (Wednesday March 27, 2013)** Centre for Neuro Skills (CNS) announced the launch of its new mobile app, an intuitive tool that provides vital information on traumatic brain injury and CNS programs and services for patients and families.

The free app is available for iPhone, iPad, and Android devices, and provides 24/7 access to a wealth of resources that CNS has marshaled in over 30 years of history. See scan and download directions below.

“Brain injury is a devastating occurrence for patients and their loved ones,” said Dr. Mark J. Ashley, Sc.D., CBIST, founder and CEO of CNS. “Therefore, we developed a robust, user-friendly app to share our knowledge and expertise with anyone who needs guidance.”

Easy to navigate tabs provide vital CNS information, including:

- Daily brain injury news and research
- Educational videos and a link to the CNS product store
- Overview of CNS rehabilitation services
- Clinical facilities locations and contact details
- Journal articles and data about traumatic brain injury, brain function, and deficits after injury
- CNS Facebook and Twitter interface

To download the app, please scan the QR code below.

The CNS mobile site and app download can also be found at [neuroskills.mobi](http://neuroskills.mobi)

###
