CENTRE FOR NEURO SKILLS®

Mark J. Ashley

Sc.D., CCC-SLP, CCM, CBIST

Founder and Chief Executive Officer
Centre for Neuro Skills

Clinician, executive, and authority on brain injury causes and treatment whose expertise is reflected in academic books, research papers, and global presentations.

EXPERT BIO

- Dr. Ashley has dedicated his life to clinical practices that help patients to walk, speak, work, and reconnect with family and society again. "Patients Don't Plateau" is a core belief he inculcates at Centre for Neuro Skills.
- He has authored four books on traumatic brain injury rehabilitation and has testified before the California legislature, advocating for patients and families. He served as an advocate, panel chair and advisor for the Brain Injury Association of America and Brain Injury Association of California.
- Dr. Ashley is an Adjunct Instructor at the Rehabilitation Institute of the College of Education at Southern Illinois University and an Affiliate Clinical Instructor, Department of Physical Therapy at Virginia Commonwealth University. He holds an M.S. degree in Speech Pathology and two Sc.D. doctorates, from Southern Illinois University and State University of New York at Geneseo.
- In 2011, Dr. Ashley founded the Clinical Research Education Foundation, a nonprofit research organization that advances public and clinical understanding of brain injury causes and treatment.

CV available upon request.

SUMMARY

Dr. Ashley is renowned for his 40 years of developing clinical therapies that help patients regain vital skills and independence. His published research spans neurological injury to best practices in treatment.

AREAS OF EXPERTISE

Extensive knowledge of neurotherapy design specific to rehabilitation

Proven skill in rebuilding neuroplasticity with intensive therapies

Educating the public and practitioners on effective post injury care

Implementing programs that transition patients from dependency to independence
