

New Houston Program Expands CNS' Presence in Texas

Centre for Neuro Skills Houston employees bring a cumulative 45 years of CNS clinical and administrative experience to the clinic.

253 West Medical Center Blvd., Suite 300
Webster, Texas 77598

To make a referral or for more information, please call
CNS at 800.554.5448 or 281.725.6600
or fax 972.871.5332.

Centre for Neuro Skills is honored to announce the opening of a new state-of-the-art program in the Houston area. Located in the Medical Center of the South complex in the Webster community, the clinic offers CNS' renowned treatment programs to individuals seeking rehabilitation for traumatic and acquired brain injury.

This newly designed 16,000 square foot space is on the third floor of 253 West Medical Center Blvd., Webster, in a healthcare campus that hosts some of Texas' most influential hospitals. Just 20 minutes from Houston, the clinic is east of the 45 Freeway, 14 miles from William P. Hobby Airport, and 45 miles from George Bush Intercontinental Airport.

Established, Certified Staff

Many of CNS' experienced, long-time clinical, administrative, marketing, and admissions staff will serve at the new location, continuing the company's 38 year legacy of superb care. CNS staff have come to CNS Houston from Bakersfield, Los Angeles, San Francisco, Dallas, and Fort Worth.

State of the Art Rehabilitation

Designed specifically for people who have endured a brain injury, the clinic features physical therapy (including the ZeroG® Gait and Balance System), occupational therapy, speech therapy, educational therapy, counseling, and visual therapy. A dedicated physician space includes a medical exam room, secure medication room, and a nursing suite. The area for behavior analysis includes a meditation/quiet room. A patient kitchen, computer center, and offices for case management and administrative functions are integrated into the eco-friendly design. Atop the clinic is a beautiful, safe, and peaceful rooftop garden for patients and families to enjoy.

Goal-Oriented Programs Focus on Independence

Open, spacious therapy rooms and a counseling suite accommodate individual sessions and classes. Treatment options include inpatient, day neuro and outpatient programs.

Neuro Treatment with Transportation Services

For convenience and ease, CNS offers specially-equipped van transportation to patients, helping them arrive safely and on time for our Day Neuro Program. The Transportation Services Department serves with compassion, consistency, and professionalism. Our staff is given specialized training and certification in working with the brain injury community.

Streamlined Referral Process Simplifies Admissions

Since 1980, CNS has collaborated with the nation's most prestigious insurers and worker's compensation companies. Experienced admissions and evaluations staff are on site now to help facilitate the transition to postacute treatment.

About Centre for Neuro Skills

CNS is recognized as an experienced and respected world leader in providing intensive rehabilitation and medical programs for individuals recovering from all types of brain injury. CNS effectively covers a full spectrum of care from inpatient and assisted living to outpatient/day treatment. For additional information about CNS please visit neuroskills.com.
