

Nick Ashley

Chief Governance Officer

Specializing in essential aspects of neurological injury and its long-term effects.

EXPERT BIO

- Nicholas Ashley is renowned for his expertise in traumatic brain injury, having helped guide attorneys to successful outcomes in a host of injury cases. He leads a team of legal professionals at the Centre for Neuro Skills who oversee legal matters in seven clinics throughout California and Texas.
- As Chief Governance Officer for Centre for Neuro Skills, his knowledge spans the essential aspects of neurological injury and its long-term effects.
- Mr. Ashley is involved with key legal symposiums, including the TBI Med-Legal Conference, the California Applicants' Attorney Association, and the Consumer Attorneys Association of Los Angeles.
- He has presented at the Brain Injury Association of America's Business Practice College and the Idaho Trial Lawyers Association Annual Conference.
- He is licensed to practice law in California and is a member of the Kern County Bar Association and the State Bar of California.
- He is the past President of the In-House Counsel section of the Kern County Bar Association, and participates in the Business Law, Labor and Employment, and Worker's Compensation sections of the State Bar of California.
- As a patient advocate, he strives to increase access to rehabilitation by working with the Brain Injury Association of California and through legislative change and improvement.
- Mr. Ashley received his Juris Doctor degree from Pepperdine University School of Law and holds a Masters of Dispute Resolution from the Straus Institute of Dispute Resolution at Pepperdine. His research findings were incorporated into the 2009 publication "Doping Control, Mandatory Arbitration, and Process Dangers for Accused Athletes in International Sports."

SUMMARY

Mr. Ashley is a highly regarded lawyer with extensive expertise in traumatic brain injury on the provider side. His work includes advising attorneys and advocating for patients. He strives to increase access to rehabilitation by working with the Brain Injury Association of California, Brain Injury Association of America, and by legislative change and improvement.
